---

Please be advised that the Department of Resources Recycling and Recovery (CalRecycle), acting as the Solid Waste Enforcement Agency (EA) for San Luis Obispo County, has received and approved a Report of Facility Information (RFI) Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c). This public notice was prepared pursuant to Title 27 CCR 21660.1.

Project Description

Chicago Grand Landfill is an existing landfill operating under a full Solid Waste Facilities Permit issued on December 21, 2016. The application package to amend the RFI requests the following changes: updates to drawings to reflect existing topography, current dates, and Regional Water Quality Control Board approved plans for Modules 6 and 7; updates to facility contacts; and updates to the remaining capacity calculations and site life calculations, including Tables 2 and 3, and Appendix B to include calendar year 2016..

The EA finds that the proposed changes are consistent with all applicable certified and/or adopted California Environmental Quality Act (CEQA) documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current Solid Waste Facilities Permit.

For Additional Information

To review a copy of the application and supporting documents, please contact Mr. Hoover or Mr. Hackett.
